Dear City of Salamanca,

Just recently, we informed you about our new, major initiative called *FastForward Salamanca* that will dramatically enhance our Salamanca area TV services. Our services are advancing, which means our customers can take advantage of more HD channels.

A critical part of our *FastForward Salamanca* initiative is to deliver enhanced picture and sound quality for all our TV service customers. To accomplish this, we will begin to transmit our Limited and Value TV channels (ch 2-79) in a digital-only format starting **April 3, 2018**. By **May 1, 2018**, all Limited and Value channels will be broadcast exclusively in a digital format. Please refer to the schedule on the back of this letter for the detailed timeline and channel information.

WHAT THIS MEANS TO OUR CUSTOMERS

Digital equipment will be required to view all Limited and Value channels (ch 2-79) that will migrate to a digital-only format beginning **April 3rd**. Customers with qualified digital equipment on their TV sets do not need to take any action and will see no interruption to their services.

ATLANTIC BROADBAND IS SENDING EACH VALUE CUSTOMER A DIGITAL ADAPTER-AT NO COST!

Atlantic Broadband will mail each customer **ONE** digital adapter along with simple activation instructions. The customers should activate this digital adapter on or before **April 3rd**. The adapter will also enable the customer to continue watching all Limited and Value channels (ch 2-79) once we initiate the next step in our digital enhancement plan.

SHOULD THE CUSTOMER NEED ADDITIONAL ADAPTERS?

Atlantic Broadband is offering up to two digital adapters at no cost for 24 months for use on TV sets that are connect directly to cable today without a digital receiver. Additional adapters beyond the two complimentary adapters are available for \$2.99 month/each. If the customer requires more adapters they may order online at www.atlanticbb.com/getdigital, call **866-228-6956** or stop by our convenient equipment pick up location at **Salamanca United Congregational Methodist Church, 134 Broad Street, Salamanca NY on Wednesday, March 28th between 9 AM and 6 PM.**

ACCESS TO DTA GUIDE POWERED BY TIVO

Designed for homes with digital adapters, the DTA Guide powered by TiVo provides easy to use TV listings, detailed program information, parental controls and more.

We apologize for any inconvenience we may cause our customers and hope they will enjoy our enhanced services as they become available.

Sincerely,

Curt A Kosko
Sr. Vice President & General Manager, Pennsylvania

INFORMATION ABOUT YOUR ATLANTIC BROADBAND TV SERVICE

Limited and Value Channels to Migrate to Digital Only

Limited and Value channels (ch 2-79) will begin to be transmitted in digital-only format according to the timeline below. Digital equipment (e.g. receiver or adapter) will be required to view these channels at that time. Please note that all channel numbers will remain the same.
